### About Us

The 10-month program runs September through June. It requires a commitment of at least one full day per month in addition to an overnight Opening Retreat and a Mid-Year Retreat. Class members complete a philanthropic group project to implement their teamwork and leadership skills.

Monthly topics vary each year based on community issues. Past seminar days explored the following: Law & Order, Social Services, Education, Arts & Culture, Emergency Services, Sports & Entertainment, MacDill Air Force Base, Health, Transportation, Environmental, and Government & Communications.

The tuition cost includes all programming materials, meals, transportation, overnight retreats, activities, and graduation.

### Benefits

Upon graduating from the program, participants will have gained a greater awareness of Hillsborough County and will be able to identify their roles within the community. Participants will also have developed an active, socially conscious and trustworthy network of friends, colleagues, and leaders. Participants can then take a new set of leadership values back to the employers with a broader view of our area and how they can contribute. Leadership Hillsborough graduates build a strong professional network that benefits Hillsborough County and builds a stronger community.
